

Dahlia ‘Chic’

- Selling** June to July
- Features** Masses of bright yellow flowers, from June until the first frosts, are complemented by the dark foliage.
- Benefits** Very free flowering producing a stunning display of colour in pots or at the front of a border. A low maintenance plant as there is no need to lift this plant in winter.
- Story** Bred in Holland by a grower who trials ten thousand Dahlia seedlings a year and invites Garden Clubs to ‘grade’ them. ‘Chic’ was considered the ‘Best of the Best’ and took 3 – 4 years to select and develop.
