

# Primula auricula 'Black Jack'

## Selling

Late March onwards

## Features

Large powdery grey leaves, with clusters of double, deep burgundy flowers, with yellow rimmed centres mid to late Spring.

## Benefits

Looks excellent in pots, rockeries and alpine gardens. Unusual coloured and fragrant flowers.

## Story

Bred by Primula auricula specialist, Graham Buckler, of Rumbling Bridge Nurseries, Perthshire. The grey powder on the leaves is known as, ferine, french for flour.
